## **Tire Safety Group and Creative App Solutions sign Joint-Venture Agreement**

**New York, October 19, 2015** - Creative App Solutions, LLC, and Safety Group, LLC announce that they have entered into a joint-venture agreement to develop innovative technologies based on TSG's world-renowned tire recall database.

Creative App Solutions develops custom iOS apps for consumer and enterprise markets. Dedicated to delivering highest quality applications and supporting clients for long-term development, deployment and technical support projects.

Tire Safety Group fulfills its mission of preventing wrecks caused by defective and poorly serviced tires through innovation and education. TSG provides a suite of software, data, and educational material to consumers, safety advocates, and responsible members of the tire retail and service industry.
