

News Update

App Preview Video Enhancements

For Immediate Release: Florida Operations, May 14, 2026

Creative App Solutions, LLC (CAS), today announces that we have enhanced our user experience by adding full screen video playback. Poster Frames have been added to replace the black video rollup with a meaningful screenshot of the video.

CAS develops custom iOS, iPadOS, watchOS and MacOS apps for consumer and enterprise markets. Dedicated to delivering highest quality applications and supporting clients for long-term development, deployment and technical support projects.
